

*“Every day I am learning something new, and I think that “the idea of a traineeship” develops here one of its best possible expressions”.*

*Maria Miceli*

*“The first step in becoming a professional is to learn from professionals and to work with them. And I think this is the main idea of this traineeship”.*

*Nicolae Popescu*

**EASA Traineeship**  
Programme

**The runway for your career take-off**

# Are you a University student or graduate and cannot wait to test your knowledge?

**Apply for the EASA Traineeship programme and “check-in” to the fascinating world of European aviation safety**

- › Work together with experienced and highly qualified aviation experts or administrators
- › Enlarge your network and maximise your professional development
- › Get involved in interesting and rewarding projects
- › Meet other young people from all over Europe and become part of a unique group of trainees
- › Experience a multinational work environment in Cologne, one of the liveliest cities in Germany

## EASA – What we do

EASA is a body of the European Union serving the interests of the European citizens. It is Europe’s common Agency in the field of aviation safety. Our objective is to promote the highest standards of safety and environmental protection in civil aviation in Europe and worldwide. EASA already employs some 650 professionals from across Europe. It will continue to recruit highly qualified specialists and administrators in the coming years.

## EASA Traineeship programme

Our programme is targeted at young students and graduates from various fields of study (Civil aviation, Aeronautics, Engineering, Business Management, Public and International Relations, HR, Law etc.)

## We offer traineeships in all areas within the organisation

**Trainees support our teams in technical and non-technical fields such as**

- › Europewide Certification of new aircraft and engine models
- › Development of aviation safety rules which become legally binding for the European Aviation Industry and National Authorities
- › Developing the international cooperation between the European Union and other countries from all over the world
- › Various administrative support functions (Finance, Legal, Communications, HR, IT)

**“Nice existing team spirit within my Department combined with the general cooperative and friendly atmosphere at EASA make me feel comfortable working in my field. So, my conclusion: THUMBS UP FOR EASA!”**

Mara Keller
