

### Intern Software Development

Accedia is a Professional IT Services company specializing in consulting, software development outsourcing and complex end-to-end solutions for both SMEs and large enterprises. Our customer base includes leading financial institutions and banks, Fortune 100 IT corporations, multinational telecoms, large logistics and utilities companies, as well as innovative technology startups.

Currently we are looking for an **Intern for our Software Development Team** who enjoys dynamics and variety at work.

#### Role and Responsibilities:

- Assist with project work for design, implementation, testing and maintenance of application modules and websites;
- Learn how to work and integrate with a relational SQL database;
- Analyze and troubleshoot issues in the software;
- Collaborate together with other developers and opportunity to learn and share ideas;
- Self-organized and motivated to work in a team.

#### Our intern program includes:

- Numerous professional development opportunities, including in-depth trainings and working side-by-side with skilled technology experts;
- Opportunity internship to be extended to a full time contract
- Professional and personal networking opportunities;
- Our internship program comes along with great deal of fun, in and out of the office.

#### Requirements and Qualifications:

- Excellent knowledge of OOP principles with C#/Java or C++;
- Student in IT technology or related field;
- Willingness to learn and apply new technologies individually and in a team;
- Fluency in English.

We offer:

- Opportunity for professional development in a fast-growing and innovative company;
- Challenging projects and growth opportunities;
- Working with some of the top technologies;
- Regular company sponsored trainings and certifications;
- Open communication on all levels within the company;
- Very competitive compensation package depending on personal achievements and plenty of social benefits;
- Friendly environment where we work and have fun together.

So if you are looking for a new challenge, come and join the team. Send us your resume in English at [careers@accedia.com](mailto:careers@accedia.com). For more information visit our website: <http://accedia.com/>
