

## **Junior Engineer**

### **BA Glass Bulgaria S.A.**

The BA Glass vision is to "Wrap Dreams Beyond Packaging, by HeART".

At BA, we believe that we can go beyond just making glass containers. We aim to take part in our Customers' creation and innovation processes in the quest to help them provide unique experiences to Consumers.

We will do it the BA Way, built on our values, commandments, principles, and beliefs (which we have collectively called our HEARTBEAT). We will do it with our People, those who dream about making a difference, growing, exploiting, and exploring.

Our focus on Excellence is the basis of this aspiration. We believe that sustainable innovation requires excellence, and that is our bedrock, which we must protect and fortify.

Value creation is what drives our Shareholders' commitment and support. And, we believe the pursuit of our vision will create value through sustainable and profitable growth.

#### **Who are we?**

**BA is growing and we need you!**

Join our company with more than 3,800 employees and be part of the leading multinational glass packaging company.

At BA we believe in happiness, so we create experiences "**by HeART**", with **Humbleness, Emotion, Ambition, Rigor** and **Transparency**.

Our more than 8 billion bottles, present in the daily lives of all of us, are inspired and developed by 3,800 people, in 7 countries, 12 geographies and exported to more than 80 countries worldwide. We are more than a reference supplier based on continuous innovation and internal entrepreneurship.

We are seeking for an **Junior Engineers**, to integrate to our Sofia plant team.

#### **What would we appreciate about you?**

If you hold an **engineering** degree.

Proficient in Microsoft applications (Word, Excel, PowerPoint, Outlook).

Be level B2 in English.

Be ready to travel.

Positive attitude and maturity, ability to adapt to different situations.

Flexibility and willingness to support new projects.

Ability to prioritize and work within tight time scales to meet deadlines.

Ability to multi-task and work effectively as part of a team.

Engage in process improvement & best practices initiatives across organization.

### **This is the right program for you if:**

- You are fascinated for the manufacturing processes.
- You have a hands-on attitude.
- You would like to be part of a moment of changing in a industry environment.
- You aim to develop your skills, both in technical and leadership terms.

### **Why is BA the place to be?**

In our Plant you will be part of a dynamic team, in an international work environment. Being one of the best in the industry comes with hard work, but we also make it rewarding through:

- Support for continuous learning in our Academy, with external trainers or online trainings.
- Opportunity to learn and grow inside Company.
- Opportunity to develop and implement your ideas.
- Be part of a team, who like to share their knowledge and experience.

### **Are you ready to take the lead on this challenge?**

Here at BA we are dedicated to building a diverse, inclusive and authentic workplace, so if you're excited about this role but your past experience doesn't align perfectly with every qualification in the job description, we encourage you to apply anyways. You may be just the right candidate for this or other roles.
