

We are BULWORK:

The first IT recruitment agency in Bulgaria, with 25 years of excellence in the market. We have successfully established a reputation for delivering high-quality services to clients and candidates. We respect candidates' wishes and strive to provide the best service by finding the most suitable and challenging job for them.

About our Partner:

A company recognized as a reliable solution partner in electrical design, machinery, and process automation, with a strong track record of delivering numerous successful projects across the industry.

Its services include SCADA automation systems, PLC programming, and factory automation, providing efficient and dependable automation solutions for industrial environments.

Due to several ongoing and demanding projects, we are supporting them in recruiting several motivated IT Professionals to strengthen and expand their team in Bulgaria in the position:

AUTOMATION ENGINEER

Main responsibilities:

In this position, you will be involved in designing, programming, and implementing automation solutions. The role will require frequent business trips to various countries across Western Europe.

Essential requirements for the role:

- University Degree in Electrical Engineering, Engineering, Automation, or other technically related field;
- 2 years of professional experience in PLC design, development, programming, and commissioning;
- Good knowledge and experience with Siemens S7 TIA Portal (Step 7, WinCC Advanced);
- Knowledge of Distributed Safety / F-programming in TIA Portal;
- Experience with HMI visualization and PLC–HMI connectivity;
- Solid understanding of PLC hardware, I/O systems, sensors, and decentralized components;
- Very good level of English language (B2/C1);
- Open to travel on business trips in the EU countries.

The company can offer:

- Competitive salary with attractive monetary bonuses and other social benefits;
- Opportunity to work on challenging projects across Europe, with expenses fully covered by the company;
- Fast recruitment process with just one technical interview.
- Last but not least, to be among the first members of the local team of the company.

If you are ready to step into this challenge, we would like to meet and speak with you.

Don't hesitate to send us your CV in English or your LinkedIn profile directly to

office@bulwork.com

All applications will be handled with strict confidentiality. Only short-listed candidates will be contacted.

The candidates do not pay any taxes to the agency – the services are FREE OF CHARGE.
